EDUCATION & HONORS

University of California, Berkeley | Berkeley, CA   **August 2013 - present**
Electrical Engineering and Computer Science, B.S. | May 2017 | GPA: 3.83
  Regents' and Chancellor's Scholar: Highest Undergraduate Honor

Homestead High School | Cupertino, CA   **August 2009 – June 2013**
Cumulative Unweighted GPA**:** 4.0
  Class Valedictorian: Highest Academic Honor
  SAT: 2400   **SAT II:** 800 Math | 800 Physics

RELEVANT COURSEWORK

Computer Science 61A: Computer Programs (A-)   Computer Science 70: Discrete Mathematics (A)
Computer Science 61B: Data Structures (A)   Computer Science 188: Artificial Intelligence (In Progress)
Computer Science 61C: Computer Architecture (A)

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEERING INTERN   **May 2014 – August 2014**
TRUSTe | San Francisco, CA
- Designed and implemented an automated program to extract, upload, and store over 600 MB of client data a day, which the sales department used in negotiations with clients
- Implementation completed with Amazon Web Services Data Pipeline, Simple Storage Service, Redshift, Elastic Compute Cloud, and Elastic Map Reduce

PROJECTS

Image Processing Program   **September 2014**
- Coded a program which compares two similar images from a left eye and a right eye perspective, and creates a depth map based on the displacement of features in both images

Sigma Phi Epsilon Website   **January - May 2014**
- Worked in a team of 5 to maintain and add features to the UC Berkeley Sigma Phi Epsilon chapter using the MEAN stack, and created a roster page displaying information for each member.

EXTRACURRICULARS

TUTORING COMMITTEE MEMBER   **August 2014 – December 2014**
Eta Kappa Nu | Berkeley, CA
- Organized review sessions before midterms for the core undergraduate Electrical Engineering and Computer Science classes
- Designed and presented the microelectronic circuits course review session

NEW MEMBER COORDINATOR   **August 2014 - Present**
Sigma Phi Epsilon | Berkeley, CA
- Planned events, including a broomball event at the Oakland Ice Center which 70 people attended, so potential new members could meet members of the chapter
- Responsible for coordinating weekly meetings, workouts, study hours, and activities for 20 new members to promote success in college and integration into the chapter

SKILLS

Computer Languages: Python | Java | C | HTML/CSS | Javascript
Computer Applications: Adobe Illustrator | Adobe Photoshop | Microsoft Excel
